

DEATH TOLL ON COUNTY ROADS IS BELOW '63

Fewer people have been killed on Adams County highways during the first eight months of this year than during the comparable period a year ago.

The August report of the activities of the state police released today by the commanding officer of the local barracks, Sgt. David K. James, showed one person killed during August in traffic accidents in the county, compared to four in the same month a year ago.

That brings the total for the first eight months of this year to seven, compared to 12 during the first two-thirds of last year.

MORE ACCIDENTS

While the number of deaths was lower for the eight-month period, the number of accidents showed an increase, 299 so far this year to 278 for the comparable period a year ago. The number of injured increased, 213 for the first eight months of this year, compared to 178 for the same period a year ago, and the amount of damage was higher, \$201,862 through August of this year compared to \$183,639 for the same period in 1963.

August's toll was listed as 49 accidents in which 33 persons were injured and one killed, with damage totaling \$24,316. In all respects except the number of accidents, the toll was less than for the comparable month a year ago. In August, 1963, there were 46 accidents in which four were killed, 49 were hurt and damage totaled \$38,030.

Police made 195 traffic arrests during August compared to 188 during the comparable month a year ago.

During last month there were also 47 criminal arrests made by the local state police as a result of investigation of 65 complaints on criminal charges received by the officers.

LABOR DAY TRAFFIC DEATHS REACH 523; 75 OTHERS DIE
by THE ASSOCIATED PRESS
Traffic fatalities over the long Labor Day weekend soared past the 500 mark today, although National Safety Council officials said the number of deaths would not approach record figures.

Howard Pyle, president of the safety council, credited cautious driving on the part of home-bound motorists with keeping the death toll behind last year's record of 557 lives. Throughout most of the 78-hour weekend, the number of deaths had kept pace with the record setting 1963 figures.

Early Sunday evening the number of deaths reached 450 and safety council spokesmen expressed fear that a new record would be set as motorists clogged highways on the way home.

At the latest count, traffic accidents across the United States had taken 523 lives. In addition, 18 persons were killed in boating accidents and 57 others had drowned.

The safety council estimated before the holiday began that 490 to 550 persons would be killed during the weekend. An Associated Press survey, made for comparative purposes over a 78-hour nonholiday weekend from 6 p.m. Friday, Aug. 21, to midnight Monday, Aug. 24, showed 456 persons dead in traffic accidents, 24 in boating accidents and 54 by drowning.

The safety council's Labor Day weekend traffic count began at 6 p.m. Friday and ended at midnight Monday (local times).

Seek Device To Detect Bombs On Airliners

CHICAGO (AP)—An electronic nose more sensitive than a bloodhound's is being developed to sniff out bombs planted aboard airliners.

The project conducted by the Illinois Institute of Technology Research Institute was made possible by a \$39,000 grant from the Federal Aviation Agency.

The FAA has wrestled with the problem of aerial sabotage since Nov. 1, 1955, when a time bomb destroyed an airliner in flight near Longmont, Colo., killing 44 persons. In all, the FAA estimates 191 persons have been killed by criminally placed bombs.

The feasibility of building an electronic bomb detecting device "looks good," research director Dr. Andrew Dravnieks, 52, said in an interview Monday, "but we are trying to make it practical."

"We are not yet at the stage where we can visualize a complete piece of equipment," Dravnieks said. "That is about 5 or 10 years away."

PROPOSE ZERO LEVY ON SOME OCCUPATIONS

The Adams County commissioners this morning agreed that if it is legally possible they will establish a \$0 classification in the occupation assessment list. \$10 is the lowest assessment at present.

The "zero" classification would be for those occupations who have no occupation and no income and would "in effect save the county some money." At present it was noted, a number of occupations have a \$10 classification that goes into the bond the tax collectors have to pay, but at the end of the year the tax collector has to be exonerated.

Discussion by the commissioners indicated the people they have in mind are the old and nearly indigent who have difficulty enough living without paying taxes. Some are in institutions far removed from the county. Some have a little Social Security and "can just about make it." Commissioner Edwin Motter noted that "sometimes it's pitiful, they have to practically cut out what little they have to eat to pay the taxes."

PREPARE FOR MEETING

No final decision was reached but the commissioners indicated they plan to work out some method by which elderly people, by proving no occupation, and poverty, could obtain a zero occupation assessment.

The discussion came during a general consideration of assessments in preparation for a meeting next Tuesday at 8 p.m. in the courthouse to which all assessors, all secretaries of boards of supervisors and school boards and tax collectors will be invited. At the meeting the plan is to go over the assessment programs in preparation for the 1965 assessment. In 1966 the county will have a completely new assessment made up by professionals covering every property in the county. Cut off dates and similar details were discussed in preparation for next Tuesday's session.

He described the training and advice given to the Vietnamese forces in their offensive and defensive tactics in the guerrilla type warfare being used there. He said that a great deal of the work being done is in the form of aid and advice to the civilian population in its daily life. Much medical help is given and the American officers are equipped to treat minor ailments and to do minor surgery, he said.

Edwin Kann reported on preparations being made for the Hal-loween festivities in Gettysburg next month and the club made final plans for its rummage sale to be held Friday and Saturday of this week.

The Kiwanians were the only local service club in session Monday evening. Lions and Rotarians omitted their meetings on Labor Day.

HOLD PICNIC FOR "CARE"

For the second consecutive year a group of Colt Park residents held a Labor Day neighborhood picnic in the interest of CARE, the world relief organization. They met this year in the yard of Mr. and Mrs. Paul Kargas, 357 Park St. There were 38 adults and children from 13 families.

An "old-fashioned auction" featured the program of the evening. Over the weekend closets and garages were emptied of dozens of articles of clothing, tools, jewelry and toys to provide a variety of items for the auction. Under the auctioneering of Richard Fox, more than 50 articles were sold with receipts totaling \$21.85. This means that 450 pounds of food will soon be on its way overseas through the CARE agency. There were more bargains than baulies at the auction, but the neighbors agree that the food packages going abroad are the biggest "bargains" of all.

Families in the neighborhood include: Fred Neal, Wayne Kump, Richard Fox, Dyson Heller, Mrs. Betty Johnson, William Nune-maker, Ronald Heiges, Mrs. Betty Hinkle, Bradley Morelock, Paul Kargas, Donald Treese, Jon Minnich and John Beagle.

LITTLESTOWN IS ASKED TO SAVE WATER

Residents of Littlestown were asked today by borough officials to conserve as much water as possible in an effort to maintain the present water level in the quarry, which is about 15 feet below normal for this time of year, according to Borough Manager Roger J. Keefer.

The quarry has provided about one-third of the borough's daily needs of 175,000 gallons all summer.

Keefer said that normally the recovery rate at the 40-million gallon quarry is sufficient to maintain a safe water level, but added that the pumps now are unable to provide sufficient pressure for a satisfactory flow into the borough's water system. All five of the borough's wells have been in constant use this year, reflecting the effects of prolonged droughts over the last several years. Normally only three wells are in use. The borough has been pumping about 60,000 gallons of water a day from the quarry to maintain pressure in the borough mains.

Keefer said that engineers are drafting specifications for bids for drilling two more wells under the new water expansion program approved by the borough and said that the borough hopes to start the program later this fall.

Borough officials asked local residents to refrain from watering lawns, scrubbing pavements and washing automobiles until sufficient rainfall relieves the present crisis.

Makarios Seeks Soviet Help To Save Cypriot Government

NICOSIA, Cyprus (AP) — President Makarios will send a delegation to Moscow this week to seek concrete terms for the Soviet offer of aid to the Greek Cypriot government.

The Greek Cypriot president called for Soviet military aid last month after Turkish warplanes attacked Greek Cypriot positions. He has also asked the United Arab Republic for help.

The Soviet Union is reported to have offered Makarios \$30 million in economic credits and to have left the way open for discussion of Soviet military aid.

PRESSURES FROM GREECE

An authoritative source here said the Soviet offer was conditional on Makarios continuing to insist on self-determination for the island republic rather than an agreement to unite it with Greece, a member of the North Atlantic Treaty Organization.

Makarios has been under pressure from Greece to refuse Soviet help and he had seemed to be weakening in his decision to open formal negotiations with the Kremlin.

The Greek Cypriot delegation will include Andreas Araouzos, minister of commerce and industry; Costas Ashtiotis, director of the foreign ministry, and Lefcos Georgiades, Cypriot ambassador to Moscow. The announcement said Foreign Minister Spyros Kyprianou also may go to Moscow after attending the U.N. Security Council debate on Cyprus expected to open next week.

TIGHTEN BLOCKADE
The United Nations reported that the Greek Cypriots have tightened their economic blockade of the Turkish Cypriot community despite warnings from the U.N. peace force.

The United Nations said roadblocks have restricted food shipments into the Turkish quarters of Famagusta and Larnaca. Makarios blocked three other Turkish areas last month, including the quarter in Nicosia where more than 30,000 Turkish Cypriots live.

GARDNERS MAN FATALLY HURT MONDAY WHEN CAR HITS TREE

John A. Horn, 59, Gardners R. 1, was fatally injured Monday evening when he apparently fell asleep while returning home from fishing and his car left the highway near York Springs and crashed into a tree.

State police said the accident occurred at 5:45 o'clock one mile south of York Springs on the Hanover-Carlisle pike. The car was headed north when it swerved off the road and smashed into a tree demolishing the vehicle. The York Springs ambulance rushed the critically hurt Gardners R. 1 man to the Warner Hospital, but death occurred by the time the hospital was reached.

The Adams County coroner, Dr. C. G. Crist, said the death was caused by a fractured skull and chest injuries. He listed the time of death as 6:20 o'clock.

FATHER OF SEVEN

Members of Mr. Horn's family said he was apparently enroute home from a fishing trip at the time of the accident. For the last two years he had been on disability from a back injury suffered in construction work.

Born July 30, 1905, in Perry County, he was a son of the late Charles and Cora (Woods) Horn. He was a member of the Eagles and the White Circle of Carlisle.

Surviving are his wife, the former Mary Jane Kritzer; four daughters, Mrs. Harvey Utz, Tempe, Ariz.; Mrs. Gilbert Staubs, Arnold, Md.; Mrs. Robert McNew, Gardners R. 1, and Mrs. John Bluestone, Harrisburg; three sons, Charles, at home; Donald, Carlisle R. 5, and Ronald, with the U. S. Air Force in Hawaii; a brother, Frank C. Horn, Pennsylvania, N. J., and two sisters, Mrs. Florence Strock, Carlisle, and Mrs. Mary Bourely, of California.

Norris was charged by state police as the owner of the home in which events occurred to which Harman Ridgeway, 30, of Gardners, pleaded guilty August 18, on a similar charge of corrupting the morals of a minor girl.

A hearing for Norris is to be held before the justice in the near future.

CARS CRASH MONDAY

Damage totaled \$125 and no one was injured when two cars collided a mile north of Biglerville on the Carlisle pike at 3:30 Monday afternoon.

State police said G. Harold Peters, 62, Biglerville R. 1, was headed north and slowed to make a left turn when his car was struck from the rear by a north-bound auto operated by Denise Neumann, 23, Sayville, N. Y. Damage was estimated at \$50 to the Peters car and \$75 to the Neumann vehicle.

Fayette, is opposed for the Democratic nomination by former Rep. William H. Meyer. In the gubernatorial race Gov. Philip H. Hoff, first Democrat to lead the state in more than a century, is unopposed for nomination to a second term while three men, including Lt. Gov. Ralph A. Foote, seek the Republican nomination.

WISCONSIN

The county's other 1,200 white school-age children have been at classes for a week in the segregated private Prince Edward Academy.

"Room Service" Is Playing Allenberry

Room Service, comedy by John Murray and Allen Boretz, opened Monday evening at the Allenberry Playhouse and will play for two weeks. This is practically an all-male cast, with Mary Sullivan and Robin Nolan handling the two small female roles.

Arthur Gorton plays the nimble-witted producer and David Christman plays Leo Davis, the author of the play "Godspeed" around which the production centers.

Arlen Dean Snyder has the role of the loud-mouthed, pugnacious hotel manager. David Brubaker, Don Draper and Reginald Rowland Jr., share in the ridiculous efforts to get enough money to get the play open. Douglas Mitchell, Jack Myers, Nick Galano, Gary Filsinger, George Lloyd, and John Worley all have small roles which carry the very fast action along. The three acts in the room of Miller in the White Way Motel, New York, are hilarious from beginning to end. The fast and furious dialogue is warranted to make the playgoer forget any cares he may have brought with him to the theater and this group of actors seems to enjoy their antics as much as the audience.

HARRISBURG (AP) — John F. Koser, 25, Shippensburg R. 2, was killed today in a highway accident on Route 22 in East Hanover Township, Lebanon County.

State police said Koser was driving alone and that his car hit the back of a truck driven by Donald T. Pirkey, 30, Hummelstown. The car then bounced over the medial strip into the path of a tractor-trailer driven by Ernest Herb, 43, New Tripoli.

where the center reaches the coast, along with huge waves." Gale-force winds extend nearly 350 miles to the north of Dora's eye and 100 miles to the south, giving it a huge striking range 450 miles across.

The Weather Bureau warned small craft in the area of warning display to seek safe harbor and small craft elsewhere from Florida to the Carolinas and from the Bahamas and Puerto Rico to Bermuda to remain in port.

HITS BIG LINER

Meanwhile, the British liner Queen Mary docked at Southampton, England, after being swept by the tail-end of Cleo, the season's first hurricane. Thirteen of its passengers were cut and bruised.

Cleo, almost a midget in comparison with Dora, swept out into the North Atlantic after killing more than 130 persons and causing millions in damage in a rampage through the Caribbean and up Florida's east coast late last month.

Still another tropical storm, Florence, was spotted far out in the east Atlantic today.

MISS BLATT IS CERTIFIED

HARRISBURG (AP) — The state elections bureau today officially certified all candidates for the November election, including Miss Genevieve Blatt as the Democratic candidate for U.S. senator.

"As far as we are concerned Miss Blatt is the candidate, barring any upset by the U.S. Supreme Court," said Albert Eberman, deputy secretary of the commonwealth.

The U.S. Supreme Court last week refused to delay Miss Blatt's certification pending a decision on an appeal by Justice Michael A. Musmanno of the state supreme court.

Musmanno has asked the U.S. court to overrule lower courts which held that about 6,000 "wrong line" ballots cast in the primary election in Philadelphia are invalid. A favorable decision would give Musmanno the nomination over Miss Blatt, the state secretary of internal affairs.

Grass Fires Delay Railroad Service

COLUMBIA, Pa. (AP)—A series of grass fires Monday forced suspension for about eight hours of freight service on the Pennsylvania railroad between Columbia and Port Deposit, Md.

Fires broke out in tinder dry grass and weeds beside the double tracks of the electrified line along the Susquehanna River.

Five hundred firemen from 25 companies fought the flames for about eight hours. Firemen estimated fires broke out in about 150 different places along the tracks between Perryville, Md. and Columbia.

Search Jungles For Jap Holdouts

AGANA, Guam (AP) — Military and civilian authorities in Guam are searching for two Japanese World War II holdouts in an area where fresh footprints were discovered Monday.

Officials said the pair are still hiding in the jungles 20 years after recapture of Guam by the Americans.

Guam police said, however, that the prints could have been made by farmers living within a half mile of the area.

Searchers have distributed leaflets in Japanese urging war stragglers to come out of hiding. Police in Guam believe the bearded and bedraggled soldiers are hiding in the jungles where the Japanese made their last stand.

Oregon Trail Travelers left a mark on history in carving their names on famous Register Cliff, Guernsey, Wyoming.

Scratching their names recorded a happy milestone. They were more than one-third of the way to Oregon City, Oregon. They had come 700 miles from the Westport Landing starting point . . . now Kansas City, Missouri.

During the move westward, the homesteaders wore down a road 6 to 8 feet below the surrounding countryside. Some pushed handcarts. Others rode in wagons. And great numbers simply walked. Their determined footsteps pounded a third deep rut near those of the wagon wheels.

Traces of the Oregon Trail still exist today as poignant reminders of these adventurous pioneers. United Telephone Company of the West is proud and privileged to serve much of the territory traversed by the Oregon Trail. Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

FIFTY YEARS AGO

New Auditorium Overcrowded:

That the remodeled Gettysburg High School building will be scarcely large enough to accommodate the number of pupils attending the school this year was demonstrated at the opening of school when every one of the 158 seats in the assembly room was occupied and five other desks had to be provided, the actual enrollment being 163 as against 140 last year.

All of last year's High School faculty are again on duty this year with the exception of Miss Helen Kendelehrer who was not an applicant for re-election and was succeeded by Miss Bernadette Thomas. There are two additional teachers on the High School faculty. Raymond Michener, Bendersville, will devote a part of his time to teaching manual training and the remainder to other work in the school.

Miss Frieda Bausch, Gettysburg, will have charge of the sewing work in the domestic science department, of which Miss Fox will again be the head. The enrollment at the High Street School was 282, at the Meade school, 250, and at the Colored School 23.

Properties Sold: The old Weikert homestead near Greenmount, containing 155 acres, was sold on Saturday to Fred C. Riley for \$6,900. A property in Greenmount containing a dwelling and three acres of land was sold to B. F. Baker for \$1,200.

Creek May Cause Big Expense: Ivan M. Glace, representing the State Department of Health, visited Gettysburg Monday afternoon to consult with the sewer committee of the town council relative to the condition of Rock Creek and measures to be taken for its abatement. Mr. Glace inspected carefully both of the large septic tanks at the terminus of the town's sewer system and ordered them cleaned thoroughly at once. Lack of attention has caused them to get in a very unsanitary condition and quick measures will be taken to have them thoroughly cleaned. Daily applications will be made to the sewage as it enters these tanks so that the condition may be permanently abated.

Market Breaks Former Records: No vestige of doubt remains in the minds of those who attended this morning's curb market concerning the place among Gettysburg's established institutions. Sixty-eight wagons, containing every kind of vegetable and fruit grown in this section, testified to its success with the country people and the horde of householders who bought more than a thousand dollars worth of produce plainly showed its popularity with the town people. Chief of Police Emmons, who also holds the position of market-master, has been assiduous in his attention to the conduct of the market since his appointment this spring.

Hotel Transfer: Jesse McGregor has purchased the good will and fixtures of the Hotel Washburn St., from W. H. Broom and will take possession as soon as the necessary transfer of license can be made.

Pope Elected: A special dispatch announces that Cardinal Della Chiesa, Archbishop of Bologna, has been elected Pope by the Sacred College. He was created a cardinal this year and is comparatively young. The new Pope will be known as Pope Benedict XV. He is a native Italian.

Today's Talk

MAN'S MANY LIVES
Thoreau said in his book "Walden" that his reason for leaving his hut after two years, was that he "had several more lives to live!"

Too many of us live just one life, and that one none too well. As a nation grows it spreads out, so that in it may be created many nations, with a unity of thought and action controlling all. Instead of a single railroad or highway there are scores of them, reaching out into all directions, each serving an empire of its own.

I like that great compliment paid to Alphonse Legros, the French artist, when it was said of him that he improved everything he touched in art — and that he touched everything! He was painter, etcher, lithographer and sculptor — and great in them all. In each he lived a separate life and each one distinguished.

Happy is that man who lives the seasonal lives — the springtime, summer, autumn and winter life. In the springtime, perhaps, the poetic life; in the summertime, the planting and cultivating life; in the autumn, the reaping, or harvesting life, and in the winter, the spiritual or meditative life.

Many a man has lived his careless, selfish life when, suddenly, coming to himself, he has turned the corner, made new resolves, and demonstrated usefulness in a score or more ways. Talk with any successful man and he will tell you of the many lives he has lived, each one of which might stand by itself, distinguishing him.

We have women today who have successfully lived the life of a mother, a legislator, and a writer or artist. In a free land the opportunity for the living of many lives, of course, is greatly augmented. But it lies with the man or woman to take advantage of his or her opportunities. Mere years have little to do with it. Great lives have ended in youth, after many notable triumphs.

Alexander Smith, who wrote that literary treasure "Dreams," early became famous as a poet, but he is remembered and read as a master essayist, dying when most men only get started. He was in his thirties.

Tomorrow's subject: "Finishes."

Just Folks

DEBT TO AN UNKNOWN LADY
I do not know the lady's name,
Or was she maid or wedded wife.

I only know she lightly came
Across my little path of life
And smiled and vanished then and there,
And I remember she was fair.

'Twas no flirtation! I was sick
And thinking thoughts of business gloom;
My clouds of doubt were growing thick,
I had forgot that roses bloom
And was a prey to sullen wrath
When youth and beauty crossed my path.

I think she smiled! I couldn't swear,
Of course, to such a startling truth.
I only know that then and there
I caught a glimpse of rosy youth
And fancied as she disappeared
My little patch of sky had cleared.

I do not know the lady's name,
Nor shall it ever hence be learned.
I only know that as she came
Across my way my thoughts were turned,
And head up on my way I strode,
Discovering blossoms by the road.

FOURTH CHOIR IS ADDED BY REDEEMER'S

The fall schedule of events at Redeemer's United Church of Christ will include the operation of four choirs. The new choir is to be known as the High School Choir and will be directed by Herbert J. Sell. Those from Grades Eight through Twelve are urged to meet in the church for practice every Thursday at 6:30 p.m., beginning September 27. Those young people who have been confirmed and have recently been members of the Junior Choir are especially invited to sing in this choir. The group plans to do some a cappella singing at the morning worship services.

The Cherub Choir, under the direction of Mrs. Glenn K. Flinchbaugh, will begin weekly rehearsals this Thursday, 6:30 p.m. Boys and girls, age five through Grade Three, are invited to join this group.

The first rehearsal of the season will be held by the Junior Choir on Thursday at 7 p.m. A merit system will be started this year. Children in the Fourth, Fifth, Sixth and Seventh Grades are welcome to join the choir. Mrs. Clyde W. Crouse is director.

The Senior Choir or Chancel Choir, under the supervision of Dr. Esther V. Becker, will also start rehearsals on Thursday, beginning at 7:40 p.m. New members are invited.

Service will revert to the regular time on Sunday, with Sunday School at 9:15 a.m. and worship at 10:30 a.m. Nursery care will be provided at the 10:30 services. Harvest Home will be observed on September 30.

PLAN CATECHETICAL CLASS

The catechetical class for church membership will meet each Saturday at 9:30 a.m., starting on Sept. 26 at the church. The Rev. Glenn K. Flinchbaugh, pastor, prefers that the catechumens be 13 years of age or over. Confirmation will take place on April 11, 1965.

An organizational meeting of the Junior High and Senior High Youth Fellowships will be held on Sunday, September 27, 6:30 p.m., in the church social hall. The Junior High group, Seventh to Ninth Graders, will have different adult counselors each month. This year, the Rev. and Mrs. Flinchbaugh will direct the Senior High Fellowship.

The first fall meeting of the Ladies' Aid Society will be held in the church social hall this evening at 7:30 o'clock. The hostesses will be Mrs. Calvin M. Sentz Sr., Mrs. Elmer W. Dutera and Mrs. Granville R. Jacoby.

Clarence L. Schwartz Jr., of St. Paul's Lutheran Church, sang a solo, "God Is My Strength," Hambleton, at the worship service on Sunday in Redeemer's Church. The Rev. Mr. Flinchbaugh delivered a sermon on the subject, "The Sin of Over-Work," and read Scriptures from Matthew and Galatians. The altar flowers were placed in memory of Mrs. Cora M. Weaver by her grandsons, P. Bernard and Robert V. Weaver. The bulletins were given by Mr. and Mrs. W. Richard Marshman in memory of his father, William H. Marshman.

Check Presented From Benefit Game

A check for \$423.10 was presented to the Littlestown Little League, Inc., on Saturday afternoon on McSherry Field. This was the amount realized at the benefit softball game of Little League mothers versus fathers, held recently.

The presentation was made by Mrs. John F. Feeser Jr., co-chairman in charge of arrangements. The check was accepted with thanks by Robert J. Myers, Little League president, who said the money will be used to make much needed improvements to the playing field and to purchase uniforms.

Approximately 150 league players, managers, coaches and umpires attended the picnic Saturday on the field. President Myers presented certificates to each boy who has completed his final year of play with the Pee Wee League, Little League and Pony League; he also made the presentation of trophies to the members of the first place Little League team, the Orioles.

Little League fathers and all interested persons are requested to assist with work on McSherry Field on Saturday at 1 p.m.

Cards Beat Reds Twice And Climb Into 3-way Tie For 2nd; Phils Split

By MIKE RATHET

Associated Press Sports Writer

The way the St. Louis Cardinals are rolling Bing Devine could become Major League Executive of the Year for the second successive season.

Now if he could only get a job.

Currently the hottest club in the National League, the Cardinals swept a doubleheader from Cincinnati Monday by identical 3-2 scores with similar ninth-inning rallies and climbed into a second-place tie with the Reds — the first time since April 19 they've been as high as the runner-up spot.

Devine, named the majors' top executive last year for his brilliant Cardinals into a pennant contender, resigned Aug. 17 in a hassle with the St. Louis front office. The Cardinals went into a slight skid, but pulled out of it a week later and now have won 12 of their last 15 games.

GIANTS WIN TWO

The streak, coupled with Philadelphia's 8-7 record over the same period has pulled the Cardinals from 11 games back to within 6½ games of the top with some two dozen games still remaining.

The Phillies split their Labor Day doubleheader with the Dodgers, winning 5-1 behind Dennis Bennett's first victory in more than two months before losing the nightcap 3-1.

The San Francisco Giants remained in fourth place — one percentage point back of the Cardinals and Reds — but also climbed to within 6½ games of the Phillies by riding Willie Mays' 40th and 41st homers to 6-4 and 9-6 victories over Pittsburgh.

BRAVES TAKE PAIR

Milwaukee took two from the Chicago Cubs 10-9 and 8-7 with the second game called after eight innings because of darkness at Wrigley Field. The New York Mets swept a doubleheader from Houston 7-5 and 6-4.

Ken Boyer pulled the Cardinals into a 2-2 tie in the opener with his 20th homer, then scored the winning run in the ninth. He walked around to third on two passed balls by Don Pavletich and came home on a pinch-hit single by Tim McCarver.

McCarver played Boyer's role in the nightcap, tying it in the seventh with a homer, then starting the winning rally with a ninth-inning single. Julian Javier then forced McCarver, but promptly stole second and rode home on Curt Flood's single.

BENNETT WINS 10TH

Locked in a 1-1 tie, the Phillies broke the first game open in the eighth with a four-run rally keyed by Frank Thomas' tie-breaking two-run double. Bennett brought his record to 10-12 with a five-hitter, breaking a seven-game losing streak that had kept him winless since July 5.

The Dodgers put the nightcap away in the first inning, jumping on 18-year-old Rick Wise for three runs. Walks to Maury Wills and Jim Gilliam followed by singles by Willie Davis and Derrell Griffith brought in two runs. John Roseboro's squeeze bunt got the other run across.

Mays got the Giants rolling in the opener with a homer in the first inning. Jim Hart then walked, Orlando Cepeda followed with a homer and the Pirates never were able to overcome the quick start.

ANOTHER MAYS HOMER

Mays came up as a pinch hitter in the fourth inning of the nightcap with two on and the Giants trailing 4-2. He slammed one over the Forbes Field scoreboard, putting San Francisco ahead to stay.

Denny Menke and Joe Torre shared hitting honors for the Braves. Menke slammed two homers and a double, scored four runs and drove in three in the opener against the Cubs while Torre took over in the nightcap, slamming a homer and two singles and driving in four runs.

George Altman was the key man for the Mets, collecting four hits in the doubleheader, driving in three runs and scoring three.

In each game, however, the Mets had to put down eighth-inning rallies by the Colts, using seven pitchers in the inning. Larry Bearnarth cut off Houston in the opener and Dennis Ribant did it in the nightcap.

NAZARETH, Pa. (AP)—Budd Olsen of Paulsboro, N.J., won the 25-lap feature for modified stock cars Monday night at the Nazareth Speedway. Rags Carter of Miami, Fla., was second and Bob Malzahn of Keyport, N.J., was third.

Malzahn was leading when his car developed mechanical trouble on the fourth turn of the last lap. He was caught at the finish line by Olsen and Carter.

BRAVES HAVE 48 SEEKING GRID POSTS

The current Gettysburg Junior High School football squad consists of 48 candidates following slashes made by Coach Pat Kelly and his assistants Jim Papoutsis and Jude Smith.

The Braves will open a six-game schedule here Thursday, September 24, with Chambersburg. Other games include: October 1, Waynesboro West, away; 8, Carlisle, home; 15, Waynesboro East, home; 22, Chambersburg Central, away; and 29, Scotland, away.

Walter Brown Of Boston Celtics Dies

HYANNIS, Mass. (AP)—Walter Brown, owner of the Boston Celtics, the Boston Bruins and the Boston Garden, died Monday night at Cape Cod Hospital. He was 59.

Brown was hospitalized early Monday after suffering a heart attack.

He was named to the Hockey Hall of Fame in 1962 as a builder of the game. And he had been the prime factor in establishing the Celtics as the best professional basketball team in the world.

SP GAME AT LITTLESTOWN ON WEDNESDAY

McSherrystown and Taneytown will meet Wednesday evening at 7 o'clock at Memorial Field, Littlestown, to decide which team will occupy the fourth place position in the South Penn Baseball League playoffs.

The victor will also step right into the final best-of-three series for the playoff championship.

Robert Miller, league president, said today that inasmuch as Ardentville has announced it would not take part in the playoffs as the result of Littlestown being awarded a victory on Sunday, Wednesday night's winner will receive an automatic forfeit over Ardentville, second place team, in its originally scheduled game for next Sunday.

New Oxford, third place team, will meet Littlestown, regular season champion, at Littlestown Sunday afternoon to decide which will oppose Wednesday's victor for the post season honors.

Jim Spence, Ardentville manager, today clarified his ejection in the Ardentville-Littlestown game Sunday which led to Littlestown taking the title. Following a disputed umpire's decision at third base Spence was ordered from the park. He left the field but took a place in the stands, claiming the umpire had no authority to make him leave the park.

DAVIES MEETS WICKERHAM FOR CC GOLF TITLE

Dr. G. Donald Wickerham and Bob Davies will meet next Sunday for the Gettysburg Country Club golf championship. Three additional flight titles will also be decided Sunday.

Kickerham defeated Eddie Plank 2nd, 4 and 3, after downing John Johnson 4 and 2 to advance to the title match. Davies defeated Dick Crist 7 and 6 and followed with a 5 and 4 win over Dick Noel.

Plank turned back Harold Brake 7 and 6 and Noel defeated Bob Musselman, 1 up, in other early round championship flight matches.

In the defeated eight of the championship flight Bob Hulton defeated Kermit Deardoff 3 and 2 while Bobby Britcher defeated Ken Wenk 2 and 1. Hulton will now meet Britcher.

Pairings for other flight titles follow: First flight, Wilbur Sites vs. Jack Lockert; defeated eight, Dr. James Sheppard vs. Phil Hughes; second flight, Barton Foth vs. Gary Hartman; third flight, Carl Henne vs. Jon Minich; defeated eight, Jake Horner vs. Don Bickel.

Eastern League

By THE ASSOCIATED PRESS

The Elmira Pioneers made it

definite Monday night.

The Pioneers, who clinched the Class AA Eastern League pennant Sunday, closed out the season with a 7-2 victory over the York White Roses and made their final lead 2 games over the Reading Red Sox, who topped the Springfield Giants, 2-1, in their final encounter.

Mike Davidson, a 19-year-old hurler making his first start of the season in the final game for the Pioneers, pitched a strong seven-hitter for the win.

Elmira hitters helped with a four-run sixth inning, which included triples by John Mason and Jim Rouse. York starter Barry Moore took the loss.

York finished in last place, 27 games off the pace.

The Williamsport Mets moved out of the Eastern League cellar on the last day of the season, dropping the Charleston Indians, 4-2. Dave Fitzpatrick, with his fourth homer of the year, and a single in five trips to the plate knocked in two of the Met runs.

Several times on the third lap of the race.

Bobby Abel of Wrightsville finished second. John Duberdorf of Lewistown was third.

BENNETT GETS HIS 10TH WIN ON LABOR DAY

PHILADELPHIA (AP)—It was a long time between victories for Philadelphia Phillies southpaw Dennis Bennett, but like so many of the Phils this season, he came through when he was needed.

The young lefty ended a seven-game losing streak Monday and pitched his first complete game since May 19 in topping the Los Angeles Dodgers, 5-1, in the opener of a double-header.

The Dodgers came back to take the nightcap, 3-1, but the Phillies still increased their National League lead to 6½ games as the Cincinnati Reds dropped a twinbill to the St. Louis Cardinals, who are now tied with the Reds for second place. The San Francisco Giants also are 6½ back.

LAST WIN ON JULY 5

Bennett hurled a five-hitter against the Dodgers, walking only one in posting his 10th victory. He hadn't won a game since beating the Giants, 2-1, on July 5.

"The big difference is I was keeping the ball down today (Monday). The last two months, I've been keeping it here," he said, pointing to his thigh.

"Now," he said, motioning to his knees, "I'm keeping it here."

Bennett gave much credit to the defensive play of Richie Allen at third base.

"They hit some pretty good shots down there. He handled them all. But that one play... that was fantastic," Bennett said.

He referred to a sixth-inning bunt by Dodger pitcher Larry Miller. Allen fielded it on the first base side of the mound, snapped an across-the-body throw to second and threw out Jeff Torborg on the sacrifice attempt.

On the offensive side, the Phillies had a four-run eighth inning to break a 1-1 tie. They were helped by left fielder Tommy Davis' misjudgment of a looping fly by Frank Thomas, which turned into a two-run double.

Thomas scored on Alex Johnson's double and Johnson dented the plate on Danny Cater's single, making it 5-1.

In the nightcap the Dodgers capitalized on erratic pitching by Phillies rookie Rick Wise, who walked the first two men he faced, then gave up a single to set up a three-run inning.

Bobby Shantz relieved Wise in the first, but the Phillies couldn't get back more than one run off Dodger starter Pete Richert and relievers Bob Miller and Ron Perranoski.

KELSO WINNER AT AQUEDUCT OVER GUN BOW

By ORLO ROBERTSON

Associated Press Sports Writer

Kelso, the Grand Old Man of the thoroughbreds, is not ready to abdicate his throne. And with a mere \$38,738 he can become the world's leading money winning horse.

The 7-year-old gelding, four times winner of Horse of the Year honors, was hanging on the ropes until Monday after winning only two minor races in seven starts this year. Then came the \$107,700 Aqueduct Stakes at Aqueduct and another clash with a young upstart named Gun Bow.

Gun Bow, a 4-year-old, had won seven stakes this year by as much as 12 lengths and was ready to take over as the boss of the runners. In one of his victories, the Brooklyn Handicap, he beat Kelso by 14 lengths.

But this was the Kelso of old that Gun Bow met in The Aqueduct. The Bohemia Stable ace let his younger rival set most of the pace, caught him with one-quarter-mile remaining and went on to a three-quarter length triumph in the good clocking of 1:48 3/5 for 1¼ miles. Each carried 128 pounds.

Geisinger Medical Center Is Eastern "Mayo Clinic;" Serves 12 Central Areas

(Editor's note: In the span of half century, Geisinger Medical Center has grown from a small community hospital to a vast medical complex that is sometimes likened to a Mayo Clinic of the East. Here's a topical report on the institution written for the Associated Press by Jack Feeley, general manager of the Danville News.)

By JACK FEELEY
The Danville News
DANVILLE, Pa. (AP)—When the Geisinger Medical Center dedicates its new radiation center Sept. 26, it will mark another milestone for an institution that has been growing constantly since opening its doors almost 50 years ago.

Geisinger, located atop a hill overlooking this community of 7,000, is more than a hospital. It is a vast medical complex of concrete, of gifted men and women and elaborate equipment—some of it looking as though borrowed from a fantasy movie—all geared to the treatment and care of the ill.

The center, then known as the George F. Geisinger Memorial Hospital, began in 1915 as a small town institution. It was the dream come true of the late Mrs. Abigail A. Geisinger, who saw it as a fitting and lasting tribute to her husband.

treatment.

Some indication of the growth of the Geisinger Medical Center, a growth which surely would have astounded Mrs. Geisinger, may be seen in statistics.

In 1920, a total of 2,706 persons were admitted to Geisinger or treated as out-patients.

Last year, 144,898 received care of one type or another in the various departments.

12,000 OPERATIONS

Geisinger last year had 13,145 new registrations, its staff performed 12,105 operations, 325,477 laboratory examinations, 45,838 radiological examinations and treatments, 8,277 electrocardiographs, and 6,301 physical therapy treatments.

Statistics, however, tell nothing of the joy of the Danville mother whose child has just had a faulty heart corrected by a physician and a team of able assistants.

They tell nothing of the post operative reaction of the family of the high school teacher rushed here from the western part of Pennsylvania for delicate brain surgery. The teacher, complete next month.

Geisinger, in many quarters, has become known as the Mayo Clinic of the east.

If this be so, and there seems little reason to doubt that Geisinger's prestige is heading in the general area of the famed Rochester, Minn., clinic, the responsibility in the main, rests with two men.

WAS MAYO ASS STANT

These are Dr. Harold L. Foss, chief-of-staff emeritus, and Dr.

Create New Job In Assistance Dept.

HARRISBURG (AP)—Edward J. Wagner of Hershey will serve in the newly created \$8,163 a-year post of community work and training program director in the state Office of Public Assistance.

The appointment, Arlin M. Adams, secretary of welfare said Monday, "will result in improved and extended work-training activities for recipients throughout the state." Able-bodied persons on relief are required to work on community projects when such work is available.

Wagner has worked for the past nine years with the Bureau of Employment Security. He previously was with the state Workmen's Insurance Fund.

Leonard F. Buch, present chief-of-staff.

Dr. Foss, who helped Mrs. Geisinger plan and construct the hospital and then directed it until retiring several years ago, early in his career served as first assistant to one of the Mayo brothers.

Dr. Bush came to Geisinger 30 years ago as a surgeon. After service in World War II, he returned as Dr. Foss' assistant. He took over in 1958, a critical point in the growth of the institution.

Dr. Bush sees the objectives of a medical center such as Geisinger as two-fold.

The first, says the chief of staff, is to cure and treat the ill, placing special emphasis on those services which generally can't be provided at reasonable cost by the community hospital. The second, to teach others, to pass on accumulated knowledge, so that other men and women will be able to cure and treat the ill.

Through the years, Geisinger-trained doctors, nurses and technicians have infiltrated the staff of many hospitals across the nation, bringing with them the knowledge absorbed in long and oftentimes lonely hours "up on the hill."

STAFF TEACHER

Also on the educational front, members of the Geisinger staff teach one day each week at various schools of medicine in Philadelphia and actively participate in dozens of seminars every year.

Within recent months, Geisinger and Bucknell University, Lewisburg, Pa., entered into an affiliation which, when fully implemented, will create formal graduate education programs in the basic and clinical sciences at the resident level.

Right now, the focus of attention is on the facilities soon to be dedicated and known by the awesome name of "The Frueauf Foundation Center for Roentgenology, Radiation Therapy and Nuclear Medicine," made possible to a large extent by a grant from the Frueauf Foundation of New York City.

STILL NEED SPACE

Dr. Bush responds: "It wasn't too long ago that we completed a building program. That added 132 beds to give us a present bed capacity of near 400, plus the 13-room operating suite.

"Despite this, our waiting list continues at 250 patients, so the space is still vitally needed. Preliminary planning is now under way for a new building to house a vastly improved emergency room, rehabilitation and physical therapy section, chronic care area, new pediatric floor, a new obstetrics and gynecology department, and, of course, more beds.

"Too, we are the only hospital directly on the route of the Keystone Shortway and this fact alone presents new challenges and new concerns for everyone here."

YOUTH SAVES PAIR IN SURF

REHOBOTH BEACH, Del. (AP)—An 18-year-old youth from Milford saved a Pennsylvania father and son from possible drowning in the pounding Atlantic Ocean surf Monday.

George Draper was just starting his last day on the job as a beach attendant when he heard from a woman screaming and saw a body being tossed in the surf. Draper plunged in and soon pulled to safety Larry Johns, 20, of Maytown, Pa. Mrs. Johns, the woman whose screams alerted him, said her husband was still in the water.

Draper said he saw nothing. But plunged back in and eventually found Michael Johns, 45, floating face down. A tide caught them and it was several minutes before Draper dragged the man to safety.

Father and son were treated at a hospital in Lewes and released.

MISS AMERICA TO BE CHOSEN ON SATURDAY

By TOM SEPPY

ATLANTIC CITY, N.J. (AP)—A new Miss America will be chosen Saturday night and chances are she'll be taller, older and have a better figure than her predecessors.

Odds are the heir to the tiara worn by Donna Axum of El Dorado, Ark., also will weigh more and have different color eyes but the same color hair as most of the 37 winners of the title.

That's the result of a composite look at the 50 girls, representing all the states, who are trying to become Miss America 1965.

COMPOSITE IMAGE

The composite contestant stands a hair taller than 5-foot-6 compared with the 5-5 of previous winners and is 19½ years old compared with 19 years.

Her bust-waist-hips measurements run 35½-23-35½, compared to the 34-24-34-2-5 average measurements of previous Miss Americas.

Former title holders averaged 123½ pounds. The composite of the current group is on the shy side of 129 pounds.

Each has brown hair but 18 of this year's group have brown eyes compared to the overwhelming majority of predecessors whose eyes were blue.

Pictures, rehearsals and a glittering parade are scheduled today, the first full day of the pageant. The girls registered with a pageant headquarters Sunday.

Tonight, the girls will make their first public appearance in a boardwalk parade with grand marshal Perle Meste, the Washington hostess.

DIRECTOR OF MUMMERS DIES

PHILADELPHIA (AP)—Magistrate Elias P. Myers, 69, director of Philadelphia's annual Mummers Parade for 25 years, died at Einstein Medical Center Monday. He had been admitted Friday for treatment of a heart ailment.

This past New Year's Day Myers was involved in a dispute over the use of blackface makeup by marchers in the parade. A court injunction banned use of such makeup after Myers said he would permit "blackface" marchers only if they were not ridiculing or insulting Negroes.

Myers also was a magistrate for 25 years. He was a veteran of World War I and was a member of the American Legion, Veterans of Foreign Wars and the

KHAHN MOVES TOP GENERALS TO EASE CRISIS

By MALCOLM W. BROWNE

SAIGON, South Viet Nam, (AP)—South Vietnamese Premier Nguyen Khanh reportedly is sending three leading generals abroad in another concession to Buddhist critics of his regime.

Informal sources said Khanh would announce that the generals are going abroad on diplomatic missions.

The three reportedly are Lt. Gen. Tran Thien Khiem, defense minister in the caretaker government and a close associate of Khanh; Brig. Gen. Nguyen Van Thieu, the army chief of staff, and Maj. Gen. Do Cao Tri, commander of the 2nd corps, the largest military operational area in the country.

MASS DEMONSTRATIONS

The Buddhists demonstrated their strength again Sunday by turning out about 150,000 persons in Saigon for the funeral of two Buddhist students killed during the recent Buddhist-Catholic rioting.

There was no new violence, but military air activity over Saigon was heavy as a crowd of several thousand Buddhists held an all-night rally at their headquarters. An air force spokesman said the planes were supporting operations against the Communist Viet Cong.

TAYLOR REPORTS

U.S. Ambassador Maxwell D. Taylor, returning to Washington to report on the new Vietnamese crisis, told newsmen at Saigon airport the recent political upheavals and riots in Saigon had no adverse effect on the war against the Communist Viet Cong guerrillas.

As for Khanh's present standing, Taylor commented: "Obviously he is the head of the government and will be busily engaged in the next two months in the transition from the interim government to a provisional government which is contemplated."

Vietnamese military authorities claimed today that their forces had scored a major success against guerrillas in the province of Kien Phong, on the Cambodian border. They said enemy casualties were heavy.

A Lovelier You

By MARY SUE MILLER

SEVEN DAYS TO A LOVELIER YOU. If a woman looks in the mirror at the end of summer and sees her ideal self the lady

probably needs an eye examination. Most of us girls look either like a wilted house plant or like a weathered old salt.

How long will it take to get back to normal? Well you can do it in a week's time if you take one lovely step each day.

First Day—Polish up your hair with a conditioning treatment, treatment, suited to your special problems. It could be a preshampoo conditioner, a treatment-shampoo, a conditioning after-rinse. Whatever, be sure to brush and massage thoroughly.

Second Day—Tune up your complexion: Cleanse twice with cosmetic cleanser and wash twice with a thick lather of suds. Treat weather-beaten skin with a large compress of warmed skin oil or cream. To freshen pale, tired skin, apply a stimulation cream or mask. Finish by "spanking" the face with an absorbent cotton patty, doused in chilled skin freshener.

Third Day—Pluck straggling eyebrows and depilate any excess facial fuzz.

Fourth Day—Purchase your fall cosmetic wardrobe, making certain to investigate the new beige foundations, both the brown and the brighter lipsticks.

Fifth Day—Wear your new cosmetic, after repeating skin treatment.

Sixth Day—Repeat hair treatment. As needed, have a trim, styling and perm.

Seventh Day—Rest, and behold O Lovelier You!

LOVELIER HANDS
Do you have a hand problem? Send today for LOVELIER HANDS, a booklet that covers every step in a quest for hand beauty. It tells how to keep the skin and nails groomed; how to overcome weak nails, polish chips, discolored knuckles, prominent veins, wrinkles; how to use the hands with poised grace. To obtain your copy, write Mary Sue Miller, Box 158, The Gettysburg Times, Dundee, Ill., enclosing a large, self-addressed, stamped envelope and 20 cents in coin.
